APPENDIX 22

Approved Pesticide and Fumigant lists

Approved pesticides, fumigants and rodenticides can be found on the links below.

Following EU Exit approved plant protection products and approved biocides including rodenticides differ between Great Britain and Northern Ireland.

It is important to check that the product is approved for use in the region it is being used.

1. **Chemicals Regulation Division (CRD) (HSE) website for approved Plant Protection Products (Check extent of authorisation)**
