

# FEMAS

## Participant Training

Encompasses the requirements of the FEMAS 19 Standard

Aimed at those responsible for any element of FEMAS compliance

Organised at training venues near you or at your premises

### Introduction to Kiwa:

Kiwa Training is part of the Kiwa Agri Food Group. Kiwa Agri Food is a leading Certification Body within the Feed, Food and Farm sectors. Kiwa is the sole Certification Body that AIC have awarded the contract to deliver the FEMAS Certification Scheme.

Kiwa Training have now developed a training programme for FEMAS participants. The training will be delivered by an independent trainer who has many years of experience in the feed industry and the FEMAS scheme. Kiwa is independently accredited by UKAS for the FEMAS scheme.

**The FEMAS Scheme is a voluntary scheme developed, owned and implemented by the Agricultural Industries Confederation (AIC) to certify animal feed ingredients.**

**FEMAS 19 Standard was launched in February 2019 and has been audited to since the beginning of May 2019.**

### Who should attend?

This course is aimed at Technical Managers, Production Managers and site personnel who are responsible for compliance with the FEMAS Standard and general feed safety. The course would be particularly beneficial to those responsible for quality management systems. We can also accommodate for businesses who are considering FEMAS Certification.
