

ADDING VALUE WITH TASCC

Five key benefits that TASCC delivers for your business

Ensuring Feed & Food Safety

1 Feed & Food Safety are critical to ensure protection of both consumers and the livestock industry. TASCC ensures this safety through fully up-to-date standards that are audited by technically competent auditors for your business.

Ensuring your business is compliant

2 The TASCC standard meets all the UK and EU Feed & Food safety requirements. This means your business will be assured to be fully compliant in these areas.

Meeting customer requirements at home and abroad

3 Customers require an assured feed and food supply chain. Compliance with the TASCC Standard ensures this chain is maintained. TASCC also has 'mutual recognition' with other EU schemes which secures the chain for export.

Meeting Government requirements

4 TASCC has 'earned recognition' with UK Government which means that fully TASCC compliant businesses have a lower risk rating. This results in a lower level of visits from enforcement authorities.

Allowing investment for the future

5 By being fully TASCC compliant you can plan for the future safe in the knowledge that your business meets all the TASCC standard requirements.

ADDING VALUE WITH TASCC

Five key areas where TASCC supports your business

Up-to date standard

1

The standard is reviewed continually by industry and stakeholder professionals. This ensures your business has the latest information regarding the legislation and standards for feed & food safety.

Use of on-line tools

2

TASCC has a number of on-line tools including the [Trade Assurance Checker](#), various document templates, and sensitive and exclusion lists etc which all help to manage your business.

Online portals for your audit informaton

3

AIC's Portal includes the vehicle inventory, i-learning and allows you to view your audits, non conformances and to prepopulate information regarding your audit. This will result in a more effective audit on your premises.

Fully competent auditors

4

All auditors carry an ID card which proves they have the relevant training and experience to audit your business. Auditors are continuously kept up to date.

Linked insurance offer

5

If you are a fully TASCC compliant business you are eligible for discounted insurance as you are viewed as a lower insurance risk.

for further information visit the [AIC website](#) by scanning here.
